LIFE HANGS IN THE BALANCE

CONDITION OF PAYNE MORE SERIOUS

Small Hope Held Out for His Recovery—Patient Lost Consciousness Several Times During the Day.

Washington, Oct. 1.—Postmaster General Payne's life to night hangs in the balance. He has been unable to maintain the improvement over last night noted in the early morning bulletin. Late in the afternoon he had a sinking spell and failed to rally as heretofore from stimulants administered. At 8 o'clock, though he was reported as not so well, he began to respond to treatment, and an hour later was said to be resting quietly. Small hope, however, is held out for his recovery and members of the family who have been summoned to the bedside have been made to realize his true condition. At one time to day his pulse was barely perceptible.

It developed to night that several times during the day Payne lost consciousness and he was unconscious when the 9:15 o'clock bulletin was issued. That his condition is grave in the extreme was evidenced by the fact that members of the family kept closely to their apartments throughout the evening. Doctors Magruder and Grayson were constantly in attendance.

Callers to night included Secretary Shaw, Mr. Shallenbarger, Acting postmaster general, Third Assistant Postmaster General Alder, the Cuban Rican minister and a number of others. President Roosevelt was kept advised up to a late hour of Mr. Payne's condition. At midnight, P. H. Whitney, private secretary to the postmaster general, issued the following:

"The postmaster general is resting quietly and the attending physicians, Doctors Magruder and Grayson, have retired."

A nurse is on watch in the sick room and will notify the doctors if any symptoms develop requiring their attention. Toward 11 o'clock the postmaster general grew very restless, but later fell off asleep. Washington, Oct. 2.—At 2:45 this (Sunday) morning Dr. Magruder came from the sick room and said that since midnight he had had a good deal of trouble with his patient, who tossed restlessly for some time in his bed. He responded, however, to treatment and again went off to sleep. His condition is such at this hour as to permit Dr. Magruder to go home for a brief sleep. Dr. Grayson was left in charge. Dr. Magruder further said he expected a consultation of physicians at 9 o'clock this morning.

SAFE ROBBER SURRENDERS.

Bloomington, Oct. 1.—Clem Reed, alias Diamond Rose, colored, gave himself up to day and asked to be turned over to authorities at Rockhouse for a safe blowing committed a fortnight ago. HERRICK ACCEPTS

Democratic Candidate for Governor of New York Tells What He Will Do If Elected.

Albany, N. Y., Oct. 1.—Justice D. Cady Herrick, Democratic nominee for governor, and his associates upon the state ticket, were formally notified of their nomination to day. In a speech of acceptance Herrick said it is undoubtedly a fact that there is a widespread feeling in the state that many of its highest officials are recreant to their trust; that leaders of the party in power treat the government of the state as a commercial enterprise and policies are pursued to be followed for private gain. This testimony of witnesses summoned by the governor and attorney general, he continued, indicates that there is something graver than mere wanton waste and extravagance in expenditures of the people's money. If elected, Herrick promises to bring about reforms in bail, excise, labor and capital movement laws, and his election would mean the restoration to their appropriate spheres of all different powers of the government instead of all being centralized in the hands of the executive.

The resignation of Herrick as justice of the supreme court was filed to day with the secretary of state.

MUST OBSERVE SUNDAY.

Lexington, Ky., Oct. 1.—Beginning at midnight to night every form of industry in Lexington must observe the Sunday closing law, including newspapers. The chief of police notified the newspapers that their employees would be arrested at midnight. Just before midnight, however, all city newspapers and all but one of the morning newspapers secured a temporary injunction against the authorities restraining them from interfering with the plaintiffs.

THIRD ATTEMPT

Another Effort to Wreck Battleship Connecticut.

New York, Oct. 1.—The Herald says: "Three times within a half year has the hand of treachery been foiled in attempts to wreck the United States battleship Connecticut, launched at the New York navy yard on Thursday. Only to day (Saturday) was the last drop of water pumped from compartment which filled from a hole bored through the half-inch steel keel plates on the ship's bottom. 'The guard on the Connecticut has been strengthened and the sentinels understand that if they kill a man in the act of trying to injure the ship, they will receive the thanks of the navy department.'"

SENATOR HOAR'S FUNERAL.

Worcester, Mass., Oct. 1.—Arrangements for the funeral of Senator Hoar were perfected to night. Services will be held at 2:30 Monday in the Church of Unity, which Senator Hoar had attended for more than fifty years. Rev. Dr. Edward Everett Hale, of Boston, will officiate and deliver the eulogy. Burial will be at Concord.

Cleveland, Oct. 1.—The assets of the United States Salt company were sold to day by order of the court to O. C. Barber for \$105,000. The company was formerly one of the largest concerns of its kind in the country. As the result of consolidation with the so-called salt trust, however, it became financially involved.

LEADER SHOT.

Buenos Ayres, Oct. 1.—It is rumored Gen. Basilio Muñoz, leader of the Uruguayan revolutionists, has been shot by his former followers.

PRIZE FIGHT.

ST. LOUIS TRAGEDY.

St. Louis, Oct. 2.—Following reports of shooting in a hotel this (Sunday) morning a woman was found dead and a man dying. Details of the tragedy are not known, but the police cling to the theory that the man was shot and wounded by the woman, who then shot herself.

ROOSEVELT AND HEPBURN

DISCUSS POLITICS AND PANAMA CANAL

Former Attorney General Knox Delivers Speech at Republican Meeting in Philadelphia—Other Political News.

Washington, Oct. 1.—Representative Hepburn of Iowa discussed politics with the president to day and also talked to him about a trip to the Panama canal to be made by a party of congressmen early in November. It is the purpose of members of the house committee on interstate and foreign commerce, together with some members of the senate as yet to be named, to visit the canal strip to gather information that will be valuable in framing of such legislation as may be necessary to apply to the American zone in Panama.

Hepburn said the president promised to place at the disposal of the committee a transport to make the trip. The trip will be made about the second week in November and each member of the party will pay his own individual expenses.

KNOX AT PHILADELPHIA.

Philadelphia, Oct. 1.—Philander C. Knox, former attorney general of the United States, to day delivered a speech that was considered important because of his close relationship to President Roosevelt and the prominent part he has taken in events that have become issues in the national campaign. He spoke under the auspices of the Manufacturers' club of Philadelphia, which opened the national campaign here to night with a mass meeting at the Academy of Music. Knox was warmly greeted by the audience, the enthusiasm lasting for several minutes when he arose to speak. After adoption of a set of resolutions Knox spoke for about an hour and a half. He was frequently interrupted by applause and when he concluded was given an ovation.

Former Postmaster General Charles Emory Smith followed Knox.

"This presidential contest," said Smith, "is an issue between a party of achievement and a party of fault-finding. The primary question to be decided is whether the American people want construction or whether they want obstruction and destruction. The choice lies between the party that does things and the party that breaks things. The practical problem is whether the great train of national movement is to be kept in charge of the engineer or put in charge of the brakeman. The Republican title to power is an unmatched record of glorious successes, the Democratic title to power is an unbroken record of inglorious failures and dismal disaster."

Smith discussed the issues of the campaign at length, praised achievements of the Republican administration and criticized Judge Parker's policy should he be elected president.

The following was adopted:

"Whereas, Succeeding four years of disaster, depression, business stagnation and industrial paralysis under Democratic rule, this country has for nearly eight years enjoyed unprecedented prosperity, surpassing all former records in industrial development, material progress and in the general welfare of the people; and

"Whereas, This prosperity and national development are the direct result of accession to power of the present ruling party whereby policies of disaster, repudiation and free trade were changed for policies of sound finance, protection, progress and national honor.

"Resolved, That it is wisdom and good policy to continue in power the party through which the great results realized have been attained, believing that those who conceived, inaugurated and carried out these policies are better able and more likely to continue and develop them to the advantage of the nation than those who have hitherto opposed them."

The resolutions reaffirm "belief in the principles of protection, through the operation of which our great export trade of five hundred millions dollars of manufactured products has been built up."

Referring to President Roosevelt, the resolutions pronounce him to be "a proved American of the highest type, of staidness and consistent record who, by the manner in which he has borne himself in his high office since the day when he was promoted to carry out the policy of the lamented McKinley, by his virile character, manly courage, purity of life, high ideals and practical efficiency, has steadily risen in the esteem and confidence of the American people."

OHIO CAMPAIGN.

Warren, Ohio, Oct. 1.—The Republican in Ohio was formally opened to day under auspicious conditions. A great throng heard the speakers, among whom were Governor Herrick, Secretary of War Taft and Senator Foraker.

CHECK PUT UPON ADVANCE

MOVEMENTS OF JAPS OF LITTLE IMPORTANCE

Advice Received by Russian General Staff to That Effect—Prepare for Alexieff's Return to St. Petersburg.

Advice received by the Russian general staff last night are to the effect that a check has been put upon the advance of the Japanese eastward of Mukden and show that the movement is considered to be of little importance. Two reports of raids upon vessels carrying supplies for the Japanese have reached St. Petersburg. It is considered probable, however, that they refer to the same affair, though the number of vessels destroyed and the location of the action are differently stated in the two dispatches. Kurapatkin's friends still assert he is to be chief in command of the Russian forces in Manchuria. Alexieff will be received with much pomp upon his return to St. Petersburg, where he will be quartered in the winter palace and otherwise honored. His return to the far east as viceroy at the conclusion of the war is by many persons considered quite possible.

St. Petersburg, Oct. 1.—A dispatch from General Sakharoff late to night brings the record of events up to Sept. 30. It shows that the Japanese advance on the eastern side in the region of Dentaupung has been checked. His movement still appears to be an outpost affair, not accompanied with serious fighting, no advance of the Japanese in force having occurred up to the date mentioned.

Operations west of Mukden have extended twenty-six miles down the Hun river, where the Japanese were temporarily driven out from Tschunlan and scattered supply boats were burned. It is possible that this raid is identical with that reported by the Associated Press from Mukden, though in the latter it is stated to have occurred upon the Liao river. In any case it shows that the Japanese are using the river to bring up supplies and that their operations are being opposed, they not having succeeded in approaching nearer than Tschunlan along the line of the Hun river.

RAID OF JAPANESE.

Mukden, Oct. 1.—A detachment of Kuratovsky's cavalry has returned here after a successful raid on a flotilla of Japanese supply boats on the Liao river. They brought back two Japanese prisoners. The raiders succeeded in boarding and setting fire to nine junks and barges, several of which were laden with ammunition, and these were blown up. The cavalrymen reached shore in safety. They met a Japanese patrol, two members of which they killed, and took prisoners whom they brought here.

WAR REPORTS.

St. Petersburg, Oct. 1.—Five torpedo boat destroyers have been ordered to be prepared to join the Baltic fleet at Riga. Oct. 9. This is considered a sure indication the fleet will not sail before then.

St. Petersburg, Oct. 1.—Sukharoff reports the Japanese still pushing across the Taitze at Bonshu, thirty miles northeast of Liao Yang, and that numbers of Chinese bandits are with the Japanese on the Liao side of the railroad.

SONS OF VETERANS.

Springfield, Oct. 1.—Sons of Veterans from all over Illinois met here to night and held their annual banquet. Addresses were made by prominent members of the order.

BLAMES HIS GOVERNMENT

GENERAL REYES MAKES REPORT

Says Failure of Canal Treaty Was Result of Obstinacy of Colombia—Term Offered by U. S. Were Fair.

New York, Oct. 1.—Copies have been received here of the report to his government of Gen. Rafael Reyes (now president of Colombia), who was sent to this country on a special diplomatic mission in an attempt to modify the action of the American government in regard to Colombian interests in Panama. The mission was without result.

The report severely arraigns the short-sightedness of Colombian representatives that led to the misfortune which befell Colombia after negotiations over the Hay-Herran treaty fell through. The report says the United States had offered much more in the way of compensation than had been asked for by the Colombian minister at Washington and the obstinacy of the Colombian government was the only real obstruction to construction of the canal by the United States, which was the only agency capable of bringing to completion so gigantic a work.

GOLF TOURNAMENT.

It has been arranged to begin the play for the championship cup of the Country club the coming week. The conditions of play are as follows: Each contestant must play thirty-six holes, medal play to qualify. The best eight scores are then to be matched together by lot, and continue to play the eighteen holes match play until all but one are eliminated, the winner challenging the present holder of the cup to an eighteen hole match game. Mr. Marey Osborne won the championship cup last year. The runner up or the party losing the last match will also be awarded a cup.

In addition to the above contest a second flight cup has been provided, to be played for by the second best eight scores in the qualifying rounds. This cup and the runner up cup have been secured by the subscriptions of the gentlemen golfers of the club. This tournament should be participated in by every golfer in the city, as recent events have proven that golfing honors are likely to rest in unexpected places. Some of the enthusiastic club swingers have offered additional prizes in the way of golf clubs, balls, etc., so that about every fourth player in these contests will win a trophy of his prowess. As the grounds are in beautiful condition and the weather promises to be perfect, the windup of the season will no doubt witness some fast golf. An effort is also being made to arrange some events for the ladies to take place at the same time.

"THE RUNAWAYS"

Manager Chatterton, of the Grand, is authority for the statement that there has been an unusually large demand for seats for the engagement of the big Shubert, Nixon & Zimmerman musical extravaganza entitled "The Runaways," which comes to the Grand on Thursday, Oct. 6. All indications point to one of the largest audiences of the season, and to judge from all advance reports of this latest Casino success, it will be one of the most delighted audiences of the year. The promise is made that "The Runaways" will come here just as it was presented at the famous New York Casino for over six months, not even the smallest "prop" being minus from the original production. In the cast in support of that clever comedian, Mr. Arthur Dunn, will be such favorites as Charles Cox, Clarence Harvey, Will Meahan, S. P. Pulem, Thomas Whitehead, Misses Ermino Parlo, Sallie Randall, Blanche Wayne, the Althea sisters, the Casino beauty chorus and the famous English pony ballet.

Mrs. H. K. Snyder entertained a company of young people Saturday from 3 to 6 in honor of her son Philip, the occasion being his eighteenth birthday. Thirty-six invitations were issued and all who were so fortunate as to be present enjoyed a delightful and interesting afternoon.

Delightful refreshments were served on the lawn and on the porch, which was beautifully decorated with flags, which, with the green background of vines, was a pretty sight. The afternoon passed quickly with games and other amusement and prizes were given. An Indian basket for the little girl and a knife for the boy.

Before leaving each of the guests received a gift from their hostess, which were very original and attractive and overjoyed the recipients. All were given Indian baskets filled with bouquets, and in addition each boy received an Indian canoe made of birch bark and each girl a necklace made of shells which Mrs. Snyder herself had picked up on the seashore. The baskets and canoes were made by real Indians.

Those who assisted in entertaining were Misses Dorothy and Margaret Crane and Misses Helen and Edith Robinson.

DEATH RECORD

ADAMS.

Albyn L. Adams, Jr., the 16-month-old son of Dr. and Mrs. A. L. Adams, died this (Sunday) morning at 1:30 o'clock. The child had been ill about three weeks and death resulted from typhoid fever with complications. Mr. and Mrs. Adams will have the deep and sincere sympathy of a wide circle of friends.

The funeral will be held Monday afternoon from the residence at 4 o'clock.

WOOD.

Rev. Preston Wood, Sr., one of the best known ministers in the Illinois conference of the Methodist Episcopal church, and for a number of years a resident of this city, died Saturday morning at 1:30 o'clock, at his residence, 1030 South Second street, Springfield, at the age of 70 years.

Rev. Preston Wood, Sr., was born in Pickering, Yorkshire, England, Aug. 6, 1825. As a boy he learned the printer's trade and worked at that trade for a time. Later, however, he took a theological course and in 1849 he became a member of the British Western conference of the M. E. church. He remained in that conference until 1852, when he came to the United States, and coming directly to Illinois was entered in the Illinois conference in the same year, and since that time he has been an active member and has filled a number of pulpits in the conference.

At the breaking out of the civil war in 1861 Rev. Mr. Wood became the chaplain of the Thirty-eighth Illinois volunteer infantry and went with that regiment to the front. At the battle of Stone River he was wounded and returned home. He again took up the active work of the church as soon as his injuries would permit. During the time that the war was going on he took an active part in campaigning for volunteers and was instrumental in doing much for the cause in this way.

In 1872 he was chosen as delegate to the general conference of the church and was appointed by the presiding bishop as a delegate to the ecumenical conference, composed of ministers from all parts of the world, which met at Baltimore.

Rev. Mr. Wood was united in marriage to Miss Jane Christian, of Hillsboro, in 1853 and to this union nine children were born, six of whom survive. They are: Maj. W. T. Wood, inspector general of the United States army; Mrs. W. S. Phillips of Pontiac, Mrs. J. T. Galsford of Clear Lake, Iowa, Miss Catherine Wood of Springfield, Rev. Preston Wood, Jr., of Taylorville and A. L. Wood of Brooklyn, Wis.

There is probably no better known churchman and citizen in the central part of the state than Rev. Mr. Wood. His work has not been confined to his own denomination, but he has worked for the betterment of all with whom he has come in contact, and his death will be a great shock to his friends all over the state.

The funeral will be held Monday afternoon at 2:30 o'clock at the residence, Rev. Nelson G. Lyons, pastor of the First Methodist Episcopal church, officiating. Interment will be in Oak Ridge cemetery.

HIGH SCHOOL ELEVEN.

The high school foot ball eleven played at White Hall Saturday and were defeated by a score of 12 to 0. The boys went to White Hall expecting to play the high school eleven of that place, but upon arrival found that the team was composed of players of the town and four members of the high school. They were very much disappointed at the treatment they received and had to contend against great odds. The halves were fifteen minutes and the referee was Percy Owen.

A MATTER OF AUTHORSHIP. Some one may be interested about the authorship of the two songs written for the twenty-fifth anniversary of Illinois college, and sung both on that occasion and at the recent celebration of the seventy-fifth anniversary. The one beginning "Welcome, welcome, happy day" was written by Rev. Edwin Johnson, who was in 1884 pastor of the Congregational church in this city. The other, beginning "What thrilling memories crowd and press," was written by Dr. Samuel Adams, for many years connected with Illinois college as professor of natural philosophy and chemistry. Elizabeth F. Sturtevant.

All were delighted with the trimmed hats shown at the display of L. C. & R. E. Henry.

WILL FILED.

The last will and testament of the late Richard C. Coombs has been filed for probate. The instrument provides for gifts outright to the wife of testator and for the use of certain property for life. Bequests are also made to children, as follows: Mary Richardson, William, Thomas, Elizabeth and Maggie Coombs. At the death of the wife of testator all remaining property is to be divided between the children of testator.

Allison Thomson is named as executor and the instrument bears date of April 8, 1895. The witnesses were W. H. Angelo and Tom Willerton.

ILLINOIS COLLEGE CHORUS.

The organization heretofore known as the Illinois College Chorus will reorganize in the immediate future, and plans are already well matured for the season's work. The chorus will be under the direction of Mr. Olds, who has had wide and successful experience in chorus conducting, and the indications all point toward a very successful year.

The chorus will give two public performances during the year, one in midwinter and the second in the spring. The work to be taken up immediately and given first will be "The Death of Minnehaha," by Cole-ridge Taylor. This is a modern work and is exceedingly beautiful, having attracted a great deal of attention during the past few years, and received frequent performances. Special attention attaches to it this season, however, as the composer is to visit this country, and conduct several performances of this and others of his compositions.

In the spring, it is planned to give an oratorio with full orchestra.

The first rehearsal will take place at Academy hall Thursday evening, Oct. 6, at 7:30 o'clock. All who have formerly sung in the chorus, those who recently sang in the anniversary chorus, and all who are members of any choir in the city will be admitted without examination, and are cordially invited to be present. For others who desire to join the chorus an examination will be held at Academy hall on Monday evening, Oct. 3, at 7 o'clock. There will be no fee charged for admission to the chorus.

CHAMBERLAIN'S COUGH REMEDY.

No one who is afflicted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all leading druggists.

HAS RESIGNED.

Michael Boylan, who for sixteen years has been the janitor and custodian of the Jacksonville Female academy, resigned his position Saturday. During his long connection with the institution he has rendered invaluable service and his faithfulness and efficiency have been deeply appreciated by members of the faculty and students alike. Ever kind and obliging he has helped in many ways outside the regular round of his duties and in 1890 at a critical period in the history of the school he gave a service such as few would have given under like conditions. "Mike" will be greatly missed by students and alumni, as he had become almost a part of the school. His many friends will all unite in wishing him abundant success in his future work.

Don't wait. Go with the masses to Blackburn-Florch Co. for your new dress, our mannish suitings exclusive with us for Jacksonville.

Complaint is made of owners of automobiles who drive in the country. One gentleman remarked Saturday to a Journal reporter that in his neighborhood south of the city, many persons had "narrow escapes from recklessness on the part of the managers of the machines, who seemed to have no regard for the rights or safety of others, and he requested the Journal to say that all owners of the horseless machines are urged to be more careful and considerate, especially when they see they are to meet people driving horses.

The east room in the Huntton building will hereafter be used in part as a "Woman's Exchange" to be managed by Mrs. Fred K. Marsh and Miss Henrietta Clark, who will be glad to meet all interested, as well as those desiring to become members, Monday and Tuesday afternoons.

"INGOMAR."

Two souls with but a single thought, Two hearts that beat as one.

The pleasing allegory involved in "Ingomar, the Barbarian," which will be presented at the Grand Tuesday night, is one that should impart cheer and encouragement to every believer in the possible goodness of human nature and the attainment of at least a little felicity in the life of human affections. The allegory signifies the conquest of arrogant strength by gentle weakness, of ignorance by knowledge, of brutality by refinement; of barbarian passion by perfect innocence; of the animal by the spiritual. The rising young American actor, Mr. John A. Preston, and a strong cast will present this great classic in its entirety. A complete scenic production, costumes made from original plates and historically correct. Prices have been reduced for this engagement—25c, 35c, 50c, 75c and \$1.00.

PLAYED TIE GAME

Illinois College and School for Deaf Engage in First Football Contest of Season.

Illinois college played a short practice game with the Deaf and Dumb Saturday afternoon on the Illinois field. Neither side scored. The mutes played a fast game, but had a tendency to disobey the rules which delayed the game considerably. Only one half of fifteen minutes was played. The Deaf and Dumb lineup is practically the same as the last two years. The mutes have arranged a good schedule of games this year as follows: Oct. 8, open; Oct. 15, Greenfield High school; Oct. 22, open; Oct. 29, Springfield High school; Nov. 5, Hillsboro; Nov. 12, Urbana High school. All of these games will be played in this city. Their team is very light, but they are faster than most schools and a series of victories are predicted for them this season.

The college team showed up well in yesterday's practice. MacDonald will be fullback this year and his merits are well known. O'neal and Carrol as halfbacks are rather light, but they have a great deal of speed. T. E. Wylder distinguished himself at left end by a number of good tackles. Ward was a new man at center and held the place well. Stubbfield at tackle held the mighty Tuto in good shape. Of the old men O'neal at tackle, Cowdin at guard, Harmon at right end and Brown at quarter are to be depended upon. On account of the many interruptions the college has not had much consistent practice. The lack of a good coach is plainly evident. President Barnes is in Chicago endeavoring to secure a good one from the University of Chicago. There is plenty of good material and under the efficient work of a coach like E. E. Harmon, who had charge of the squad last year, a splendid team should be developed.

The mutes lineup Saturday was: Valentine, left end; Barnes, left tackle; Flannigan, left guard; Handrock, center; Cross, right guard; Tuto, left tackle; G. Johnson, right end; A. Johnson (captain), right halfback; Werner, fullback; Johnson, left halfback.

EAGLES' FALL FESTIVAL

Arrangements Progressing Satisfactorily—The "Pike" to Be a Feature—Attractions Galore

Never before in the history of Jacksonville has so much interest and enthusiasm been stirred up over any event as the coming Eagles' Fall Festival has created. Words of encouragement are coming in from all the surrounding towns and large delegations of Eagles, accompanied by bands of music, have accepted the invitation to extend to them by the localerie.

GREAT MUNDY SHOWS HIGHLY INDORSED.

The Mundy shows, which are to furnish the amusement features and attractions for the event, are coming with excellent recommendations for quality and moral tone. The fronts of the different shows are one mass of gold and silver carvings, the cost of which amounts to thousands of dollars. These, as well as the grounds, will be a blaze of light, in point of decorations and lavish electrical schemes.

THE PIKE ATTRACTIONS.

The Pike attractions will consist of fifteen high class and wholesome shows in addition to the long list of free acts and incidental features.

By the term "free acts" is meant those acts, features and amusement attractions which are given absolutely free in the open air. Surely no amusement company ever presented such an array of free acts as are to be seen with the great Mundy shows.

First and greatest of all sensational dare-devil and death defying acts, there will be the "Death Trap Loop." The fertile mind of man never conceived a more terrible feat for a human being to perform than is embodied in the "Death Trap Loop," at the Eagles' Pike.

To attempt an accurate description of what this man-killing device is like would cover more than a page of technical phraseology, which after telling would scarcely be entirely comprehended by the average reader. Told in the "A. B. C." of the English language, the "Death Trap Loop," as regards general appearance at first glance, is similar to other loops excepting that it is larger and reminds one more forcibly of a human-life destroyer than any other contrivance ever erected for the public's entertainment. The hoop or bowl of the Mundy loop differs, however, from all other loops, because of the fact that after Diavolo has dashed into it at a speed far greater than that of any express train, shot up the initial side wall and rushed across the top head downward, the entire bottom section of the structure automatically opens, lazily swings back, closing a twenty-foot gap, and at the precise instant when Diavolo, having completed his aerial somersault on his bicycle, reaches the "cut-off," the death trap plunges with a resounding crash into place for the rider's use in making his exit in safety. It is indeed all that can be said of it from the view point of sensational daring and as a thrill of stands to day as the unquestioned peer of all the terrible deeds that man will perform for the entertainment of the public.

WILD ANIMAL ACTORS.

Of the great Mundy shows there is one that stands pre-eminently as "best," with the balance bunched together close up. That is the trained wild animal show, which leads the procession of all Pike shows from the standpoint of high quality entertainment. In this attraction there are more than fifty lions, leopards, pumas, hyenas, jaguars and other wild beasts. All wild animal acts will be presented in a large steel arena forty feet square, surrounded by a steel cage. There is but one exception to this rule, that of Major Crawford's "fight for life" in the cage of "McKinley," claimed to be the largest and worst dispositioned lion in captivity. The Mundy wild animal show contains comfortable seats for all at no extra charge, a system that is in operation at all of the Mundy shows.

There will be no attractions at the Fall Festival but what will be up to Colonel Mundy's high standard as regards cleanliness, morality and wholesome amusement. This may be memorized as an absolute certainty. The Pike and all its attractions will be a respectable place for respectable people. It will not be a pink tea event, nor a ping pong tournament as regards to "excitement." It will be a miniature world's fair, with all the laughter, pure enjoyment and hilarity without the degenerating features so much preferred by degenerate people. Excitement of a healthy class will be in the atmosphere and everybody's aim will be to enjoy the abundance of fun that will be on continuous during the week of the Eagles' Fall Festival.

DOCTORS COULD NOT HELP HER.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." For sale by J. A. Oehmeyer, City Drug Store.

Somebody's Going to Get This Heater

And it is not going to cost them a cent.

Here's the reason: We want to demonstrate that this heater, known as the Buck's Hot Blast, is absolutely the best and most satisfactory made: so on Oct. 10th and 11th, at about 9 o'clock, we will give a demonstration in front of our store, showing just how and why a ton and a quarter of the cheapest kind of soft coal used in this heater will produce the same amount of heat as a ton of hard coal will in a base burner.

Every married person visiting our store up to the time of the demonstration will be given a ticket entitling them to one chance to win this wonderful heater, which is valued at \$25. Drawing takes place directly after the demonstration, and holder of winning ticket must be present. The heater is now on exhibition in our window.
